

# The ULTIMATE in VEHICLE PROTECTION

The Original & the Best.  
Established 1935

# 1 PAINT PROTECTION

*High Gloss Protective Coating.*

## Protection from our harsh environment

- Ming's secret formula is applied once, penetrating and sealing all painted surfaces
- Stops paint from fading and oxidizing.
- Protects against the sun's damaging UV rays.
- Locks in the shine, maintaining that new car look.
- Protection from road grime, rain and atmospheric pollutants.
- No need for waxing or polishing.
- Easier color matching for any touch-ups or body work.
- Retains greater vehicle resale value

## Hi-Tech Car Soap

After treatment simply wash with Ming Hi-Tech Car Soap at regular intervals to protect and maintain the showroom shine.

→ Ming Guarantees it!

# 2

## INTERIOR PROTECTION

*Invisible Protective Barrier*

### **Fabric & Carpet Protection**

**Seals and strengthens fibers.**

- Repelling liquids, dirt, food, grease and grime.
- Compatible with synthetic and natural fibers.

**The sealed fabric**

- Remains soft and supple.
- Keeps the same feel and texture.
- Has increased resistance to abrasion.

### **Vinyl & Leather Protection**

**Penetrates and permanently seals the surface.**

- Seals the porous surface, preventing cracking.
- Protection from harmful UV rays.
- Keeps the surface soft, supple and stain free.
- Maintains the true color of your vehicles interior.

**Both Interior Treatments are:**

- Low maintenance – no reapplication is required.
- Non-toxic and odorless, once cured.
- Liquid stains and spills will simply blot-up.

→ **Ming Guarantees it!**

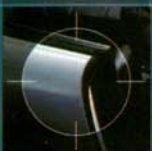

# 3

# RUST PROOFING PROTECTION

*The Ultimate in Rust Proofing*

## **A unique rust-proofing solution.**

- Protects and seals internal surfaces.
- Penetrates and seals joints and seams in:
  - Tail Light Mountings
  - Inner Guards
  - Head Light Mountings
  - Under Hood
  - Doors
  - Engine Compartment
  - Trunk Interior
  - Sills

## **Provides a protective shield - seals out air, water and road grime.**

- Thixotropic compounds completely seal metal components.
- Self healing – scratches and scrapes do not inhibit its ability to prevent rust.
- Neutralizes any existing rust, preventing its spread.

→ **Ming Guarantees it!**

# 4 UNDER BODY SOUND DEADENER

And Dust Sealant

*Greater Driving Pleasure & Comfort*

## **Insulates and coats underbody surfaces:-**

- Metal Surfaces
- Weld Joints
- Wheel Wells
- Seams

- Deadens road noise.
- Cuts road vibration.
- Insulates against extreme temperature conditions.  
Cooler in summer – Warmer in winter.
- Thixotropic compounds completely seal metal components.
- Self healing – scratches and scrapes do not inhibit its performance.
